

ABOUT THE CANDIDATES...

GILBERT FELDMAN

I am the president of the Department Store Employees Union, representing over 4,000 employees throughout the state. I have been appointed by the mayor to serve on the Rent Control Board and the Piscataway Industrial Advisory Commission. I also serve on the Middlesex County Better County Government Board.

I have lived at Society Hill since February, 1986. I served on the Covenants Committee and on the Board of Trustees. I resigned from the Board after 7 months when the Board voted to ban grills.

Because I consider myself a people's person, I feel that with the help of the other board members, we can find solutions to our present and future problems.

ALLISON STEINBACH

March, 1985 my husband and I stood 3rd in line for 2 nights to be able to purchase a nice place that was affordable. Since the birth of my daughter, I have stronger feelings towards our lives within the community. I wanted to get involved so I joined the recreation committee. This year as chairman, I planned two Games Night for the adults, a craft fair, and pool parties for the children and adults.

I feel that I would be an asset on the Board. I care about what happens in our community, not only on a daily basis, but on a long term basis as well. With more participation from the residents, we can make Society Hill a better place to live.

GREG TOMAZIC

My wife and I camped out to purchase a townhome in Society Hill. We believed it would be a beautiful place to live and raise a family. And we were right! I have been a foreman for an electrical contractor in New York for the past 8 years.

The Board of Trustees exists for the people of this community and should represent the feelings and needs of its residents. If elected to the board, I will represent those needs. I do not want to see this community divided and angry, but want to keep it an enjoyable place to live.

ED DULIBA

I have lived in New Jersey for the past 5 years. The convenience of property maintenance provided at a reasonable price was a factor in my move here 2 1/2 years ago. As a research chemist for Colgate-Palmolive I design consumer household care products.

My commitment to maintaining safe and amenable living conditions at Society Hill, preserving our property value, and my interests in keeping costs to the homeowner in our Association as low as feasible are reasons why I feel I would make a good member of the Board of Trustees.

MARC SHEPHERD

While living in Society Hill for the past year and a half, I have served on the Covenants Committee and seen examples of both the right and wrong way to do business in a community like ours. I believe that most residents appreciate the need for some basic rules, but it was a mistake to add more rules as was done in the last year, when there was no impetus from the community at large for the Board to do so. The perception that the Board was not responsive to the community led directly, I feel, to the state of apathy in which we now find ourselves.

I wish to join the board to bring stability after a year of disharmony. Restoring community confidence in the Board can be accomplished through prompt action on the issues coupled with sensitivity to homeowners' feelings when controversial issues are tackled in the future. I am a hard worker and wish to devote my efforts to building a Board of Trustees of which the community can be proud.

THOMAS RENAHAN

My family and I have resided in a townhouse here in Society Hill since its inception. While a Hearing Officer at the New Jersey State Parole Board, I am also pursuing a Masters degree in Criminal Justice at Rutgers University. With my background experience in working with budgets and policy in Federal, State and local governments, I feel my knowledge in these areas would be an asset to the Board.

DENISE GRILLO

My husband and I have resided in our townhouse since December, 1986. I am employed by Pharmacia Inc. in the Management Information System Division.

Presently I am an active member of the Covenants Committee. As a member, I've become familiar with our community; its strengths, weaknesses and issues discussed and deliberated by the Board.

If elected to the Board, I feel my efforts will help make a positive contribution to the community. Hopefully, this will be accomplished by giving all residents the chance to voice their opinions on specific issues effecting Society Hill at Piscataway.

You're missing the  if you don't take advantage of the incredible advertising rates in the Society Pages. Each issue reaches hundreds of residents. To place an ad call Diana Kochan at 463-3284 before September 20th.
